

Pastor Emeritus designation

Pastor Emerita/us is a title that can be given to former Assembly pastors in our midst whose tenure in the congregation was substantial and significant. Conferring the title requires a proposal by the Leadership Group and approval by congregational members after the retired pastor has been absent from the role for an agreed upon time. The title recognizes both the important contributions the person has made to the congregation and the pastoral gifts they continue to carry. Pastor Emeriti may partake in various pastoral tasks only if requested by the pastoral team.
